PROFESSIONAL SUMMARY

Electronics and Communication Engineering undergraduate with 9+ months of freelance web development experience, specializing in responsive and scalable web applications. Experienced in frontend and backend development using Angular, React.js, JavaScript, PHP, Node.js, and MySQL. Contributed to client projects across assessment, construction management, and event management domains with a focus on user experience and business-driven solutions.

TECHNICAL SKILLS

Programming Languages: Python, Java, C, C++

Frontend: HTML5, CSS3, JavaScript, Bootstrap, Angular, React.js

Backend: Node.js, PHP

Database: MySQL

Tools: GitHub, XAMPP, Figma, Canva

Core Concepts: Data Structures, Responsive Web Design, Database Management, UI/UX Design

EXPERIENCE

Freelance Web Developer | Sep 2025 – Present

- Collaborated within a 3-member development team to deliver client-based web applications.
- Developed frontend and backend functionalities using HTML, CSS, JavaScript, PHP, and MySQL.
- Contributed to database integration, testing, and deployment activities.

PROJECTS

Aethon AI – Student Placement & Assessment Platform | Angular, Node.js, MySQL

- Developed a placement assessment platform for students and HR teams with role-based authentication.
- Implemented test creation, candidate evaluation, result tracking, and analytics workflows.
- Integrated Angular frontend, Node.js backend, and MySQL database for assessment management.

JGC Construction Management System | HTML, CSS, JavaScript, PHP, MySQL

- Collaborated within a 3-member development team to build a full-stack construction management platform.
- Implemented attendance tracking, inventory monitoring, task assignment, and role-based access control.
- Developed 20+ screens covering employee management, reporting, analytics, and site monitoring.

The Big Bull – Event Management Company Website | HTML, CSS, JavaScript, Bootstrap, PHP, MySQL

- Contributed as a Frontend Developer within a 3-member internship team.
- Designed and implemented Home, Services, Events, About Us, Contact, and Inquiry pages.
- Developed responsive layouts and interactive UI components to improve user engagement.

Sovereign Awards – Awards & Recognition Platform | HTML, CSS, JavaScript, Bootstrap, PHP, MySQL

- Developed frontend interfaces for a client-facing awards platform.
- Built responsive user interfaces for nominations, registrations, and sponsor showcases.
- Implemented modern UI components and cross-device compatible layouts.

EDUCATION

Prince Shri Venkateshwara Padmavathy Engineering College

2023 – 2027

Bachelor of Engineering in Electronics and Communication Engineering

CGPA: 7.0 / 10

Vyasa Vidyalaya Matriculation Higher Secondary School

Higher Secondary Education

73.33%

CERTIFICATIONS

Full Stack Development Certification

Neo4j Graph Database Certification
